INDEX

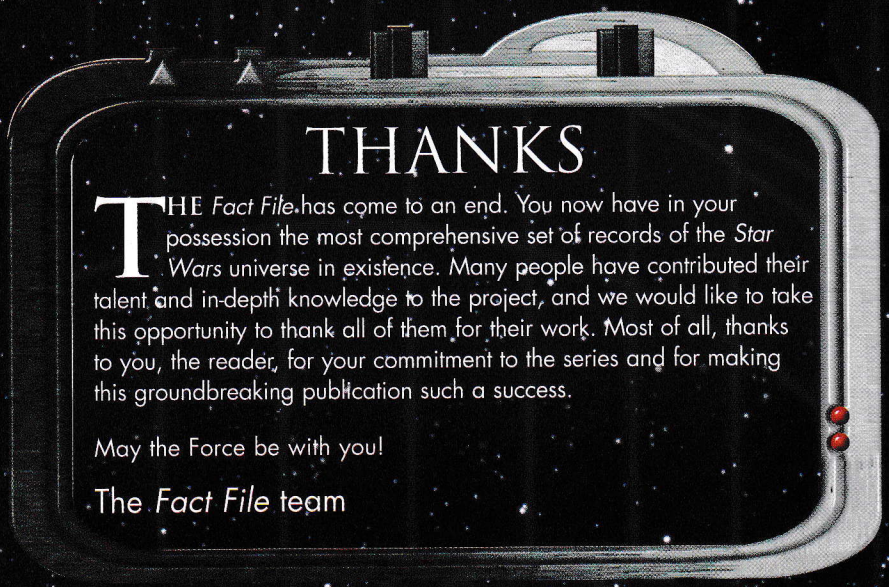
A long time ago, in a galaxy far, far away....

The New Republic, having presided over a brief era of uneasy peace, recently faced up to its greatest ever threat – from the Yuuzhan Vong, invaders from another galaxy.

In these tumultuous times, it is more important than ever that records are preserved. To this end, existing New Republic files and Jedi Holocrons, as well as records and blueprints from the Old Republic and the Empire, have been brought together in one immense archive.

As the archive nears completion, we can only look forward to further revelations about the past, and wonder what adventures are in store for the New Jedi Order.



THANKS

THE *Fact File* has come to an end. You now have in your possession the most comprehensive set of records of the *Star Wars* universe in existence. Many people have contributed their talent and in-depth knowledge to the project, and we would like to take this opportunity to thank all of them for their work. Most of all, thanks to you, the reader, for your commitment to the series and for making this groundbreaking publication such a success.

May the Force be with you!

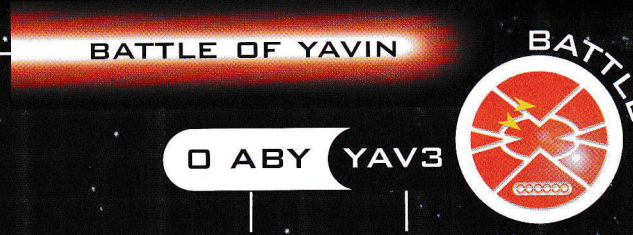
COLLATING YOUR FACT FILE

COLOUR-CODED LOGO: Each hole-punched page carries a colour-coded identifying logo to tell you which section it belongs in. The subject of each page appears in the colour-coded lightsaber across the top.



DATE GUIDE: Next to the filing code is a dating guide. All dates in *The Official Star Wars Fact File* are listed according to a dating standard based on the Battle of Yavin, at which the first Death Star was destroyed. This is taken as the calendar zero point, marking the beginning of the collapse of the Empire. Events that preceded the historic battle are listed as Before the Battle of Yavin (BBY), those that occurred after it are listed as ABY. For example, the Battle of Geonosis took place in 22 BBY and the Battle of Endor was in 4 ABY.

ALPHABETICAL FILING: Next to the logo is a three-letter code so that you can file the pages in alphabetical order. Where there are several pages on the same subject, each side is numbered 1, 2, 3, 4 and so on.
